LISTENING SESSION COMMUNICATION

As we appreciate our mutual goal of continuing to improve our children’s education, we recognize that being part of a team requires listening to one another. Please use this form as a communication tool for any ideas, thoughts, problems or concerns you wish to express to the Board. This communication may be presented in person or anonymously at the Listening Session. This communication may also be placed in a collection box to be located in the District Office. The collection box will be made available a minimum of two days prior to the scheduled listening session. One of the two Board members selected to attend the Listening Session will gather the communication forms immediately preceding the Listening Session. All communication forms anonymously submitted will be read at the Listening Session. The objective of the Listening Session is to encourage open discussion in an attempt to arrive at possible solutions for any issues brought forward. Any details you could provide would help expedite our response and give us more direction.
