<p>3</p> <p>Milk is served with lunch every day. Did you know that one cow can produce 6 gallons of milk a day?</p>	<p>4</p> <p>Did you know that broccoli and cauliflower are the only vegetables that are also flowers? Broccoli is on the menu today and cauliflower is on the menu on Thursday!</p>	<p>5</p> <p>Today we have corn on the menu. Did you know that corn will always have an even number of rows on each cob?</p>	<p>6</p> <p>The human body turns beta-carotene into Vitamin A and carrots are one of the best sources for beta-carotene. Vitamin A is important for healthy bones, teeth, skin and vision. Be sure to have some carrots at lunch today!</p>	<p>7</p> <p>Today we have fun fish on the menu. Did you know that fish do not have eyelids?</p>
<p>10</p>			<p>13</p>	<p>14</p>
<p>17</p> <p>Did you know that removing the skin from potatoes actually removes important vitamins? Today we're having potato wedges with the skin still on.</p>	<p>18</p> <p>Today we have hot dogs on the menu. While we often think of hot dogs as the "all-American food", they were first invented in 1484 in Frankfurt, Germany. That's why they are sometimes called "frankfurters".</p>	<p>19</p> <p>Today you'll find cheese on the salad bar for your tacos and burritos. Did you know that it takes 10 pounds of milk to make 1 pound of cheese?</p>	<p>20</p> <p>Today we have salad on the menu. Did you know that in the United States, 20 million servings of salad are eaten every week?</p>	<p>21</p> <p>Q: Why is a tomato round and red? A: Because if it was long, skinny and green, it would be a bean! Today we have both tomatoes and beans on the menu.</p>
<p>24</p> <p>Today grapes are on the menu. When we serve grapes they are usually either green or purple, but did you know they can also be red, black, yellow and pink?</p>	<p>25</p> <p>The whole grain French toast on the menu today is made from wheat. Did you know that wheat is a member of the grass family?</p>	<p>26</p> <p>Today we have bananas on the menu. Did you know that in the wild, banana plants can grow up to 30 feet tall?</p>	<p>27</p> <p>When drinking your milk at lunch, think about this: Like human fingerprints, no two cow's spots are exactly the same.</p>	<p>28</p> <p>Random cow fact: Cows have 32 teeth- how many do you have?</p>
