

**SAME SEASON DUAL-SPORT PARTICIPTION**

The Palmyra-Eagle Area School District seeks to provide quality co-curricular athletic opportunities for its students. Some students have talents and abilities which they have a desire to contribute to more than one team in a particular athletic season, and both of these teams can benefit. Some activities may struggle with low numbers, and this can boost participation in those sports.

**STUDENTS PARTICIPATING IN TWO ACTIVITIES DURING THE SAME SEASON**

Student-athletes are allowed to participate in two co-curricular athletic activities during the same season. Students wishing to participate in two sports during the same season will need to obtain a request form from the district Activities Director and follow the guidelines established by the athletic department involving dual sport participation.

Student-athletes are not allowed to participate in “open gyms” as well as other non-school competition in another sport, on the same day they are participating in a school-sponsored co-curricular athletic activity without permission from the head coach of the sport in which they are currently participating and the building principal.

This policy becomes effective in the 2017-2018 school year when the district is fully aligned with the Trailways Athletic Conference. This policy does not apply to any athletic programs affiliated with the Rock Valley Conference or any other conference that does not permit dual participation in sanctioned sports.

## **REQUIREMENTS OF DUAL-SPORT PARTICIPATION**

1. A student who wishes to participate in two sports during the same season must designate a primary sport before the beginning of the first appointed date of practice set by WIAA for the season of participation.
2. A primary sport is defined as the sport which takes precedence over another sport in the event there is a conflict of schedule or any other matter that could lead to a conflict. The student must adhere to the primary sport in the event of any and all conflicts of schedule. If one sport has a contest and the other has practice, the contest will take precedence.
3. The student must practice in both sports, but the amount of practice time must meet the agreed requirements of the head coaches of those sports involved.
4. Approval may be denied because of academic concerns at any time during the sport season. The athlete then will participate in the primary sport only.
5. The student and parents or legal guardians, must sign a contract of dual-sport participation before the first practice session he or she attends.
6. In the event that a student is disciplined for any infraction in a specific sport, the consequence will also be applied to the second sport in the season of dual participation. For example-Student A is suspended 25% of a season for drug use. That suspension is to be served for both the primary sport and non-priority sport.
7. The High School Activities Director and the High School Principal will serve in the capacity of advisors and final judgments on matters concerning dual-sports participation.
