With the assistance of Mr. and Mrs. Weedman, students identified and removed invasive species such as Garlic Mustard and Dame's Rocket along the Eagle Nature Trail.

Professional Development

- On June 27th, I will be attending the 100X Leader Summer Summit with other PEASD Leadership Team members, where we will focus on four key themes:
 - Know Yourself to Lead Yourself
 - Know Yourself to Lead the Team
 - Know Yourself to Maximize Your Influence
 - Becoming a Multiplying Leader

The 100X Leader Summer Summit serves as an important lever in creating better leaders for public education. This initiative will accelerate the growth of one's leadership awareness, strength, and potential.

The high school schedule is currently being evaluated to make adjustments to shift hours where necessary to cover for new teaching assignments. Hope is to have schedules finalized by mid to late July. This will give families time to make changes and adjust where needed so that students have the best options for the 2019-20 school year.

2. News and Noteworthy

Two positions are on the agenda for approval tonight. Frank Lenning as high school math and Angela McKee Krechel for middle school English Language Arts. Both of these candidates bring a wide variety of live and classroom experiences and will be great additions to the PEHS/MS teaching staff.

In addition, Diane Strehlow will be rehired as the PEHS/MS French teacher. Diane will also be picking up some additional duties working with EL students. We are thrilled to welcome Diane back.
