

Building & Grounds Committee Meeting

Tuesday August 10, 2021

Agenda

Highlighted areas are the notes from the meeting.

- A. Air Quality- Status of Bipolar Ionization Generator? Send to the board for a vote? - This has been done in May or June Board meeting. The go ahead was given.
- B. Food Service-Follow up: Food Annette sent info. Todd will update sent an email on working with Whitewater. Working with Whitewater back up food production would be here. Food by food service has to be approved by Fed Certified. Eagle 50% of students participate. Quality-Brad will schedule audits on food service
Capital Budget- Budget approval. Quotes for Roofs-moving into 2021/22 budget soon will need to see what we need to move forward- Rich was not in attendance
EES-Usage/Remodel update? Move to board for Approval- There was approval for remodel in earlier meeting
- C. Lighting-Focus on energy-Move to the Board for approval- Lighting was moved to board for approval
- D. Signs-Discuss new quotes-Quotes for electronic signs were high. No real interest in spending that now. Suggested to update current signs.
- E. Staffing-Request for 1 FT employee over 2 PT employees. Are we looking at using a service? 57k for a service. Only for school days. 1 or 2 days to deep clean. Directed to hire 2 part-time for EES.
- F. Community Room/ MS Bathrooms- Discuss quotes for the bathroom-Initial quotes seem high. Direct Rich to get additional quotes from local contractors.
