

Hello P-EASD Families, in order to provide more secure and safe transportation, as well as a more effective and fiscally responsible operation, there have been some bus routes and stop changes this year. Please carefully check the schedules as there several changes in route assignments and times. **The PES shuttle stop for elementary students has been changed to the spots throughout the community.** There are now 3 “community” stops for elementary students for a shuttle to EES which include: the beach pavillion (same as last year), the intersection of Wisconsin and Washington Streets and the PEHS/MS school near door 20, indicated as 3 on the map below.

There will not be any vehicles allowed in the front of the high/middle school to drop off students for safety reasons, indicated as 1 on the map below. Elementary parents dropping off at PEHS/MS school should use the driveway off of Burr Oak St closest to Main Street. There are some parking spots designated for vehicles to pull in and drop off, indicated as 2 on the map below. Students will use the newly painted yellow crossway to walk in front of the shuttle buses and then load. Elementary students riding on route buses 12, 15 or 16 will also board the shuttle bus to go to Eagle Elementary School.

In the afternoon, elementary students will be shuttled on Route 13 from Eagle Elementary to the Beach Pavillion and Washington & Wisconsin Street. Students who ride routes 12, 15, or 16 will ride route 11 back to PEHS/MS and then transfer to their route bus to go home. Students who took the community bus stop at PEHS/MS will also ride route 11 back to PEHS/MS .

4 and 5 on the map below indicate locations for drop off of high and middle school students ONLY.

Thank you so much for your cooperation and patience regarding the bus schedules. We feel these changes will provide safe and efficient transportation to all students.

Palmyra-Eagle Area School District - 2021-2022
