WHAT IS ARMY ROTC ABOUT?

The Army Reserve Officers' Training Corps (ROTC) is an educational program offered at more than 1,100 colleges and universities across the United States.

Army ROTC is a program that allows you to attend college and earn a degree while simultaneously completing requirements to commission as a Second Lieutenant in the Army. ROTC is not an alternative to getting a college degree nor is it something students do in lieu of college. It is a military education program student's take in conjunction with their college degree program. Participation in freshman and sophomore ROTC classes is possible without any commitment to the Army. You will only incur a military obligation if you accept a scholarship and if you sign a contract with us.

Officers commissioned through ROTC can serve in the Reserves, National Guard or Active Duty.

ROTC is not an extension of JROTC from High School. Students do not need to have been in JROTC to be in Senior ROTC in college.
